Public Health - Preventive measures to eradicate plague - Expenditure - Sanction - Sought -

As there was an immediate danger of an out-break of plague in this district, the District Health Officer, South Kanara, applied to my predecessor for the supply of tarpaulins, cynogas pumps etc., for the purpose of taking preventive measures. As these articles were found to be required for immediate use at the frontier stations then proposed to be erected, my predecessor permitted the purchase. The District Health Officer placed an order for the articles and the Director of Public Health, sanction funds to cover the expenditure under the head "39.c. Public Health Expenses in connection with Epidemic diseases - Bubonic plague - Other charges - Miscellaneous - Contingencies" for the year 1939-40. Some of the articles were got and paid for in the year, but the tarpaulins were supplied by the Company with whom orders were placed only at the end of March. The Company sent the final bill of cost only on 28.3.40. The District Health Officer, prepared the contingent bill and sent it on to this office on 29.3.40 but as the bill had to be cashed at the Accountant-General's counter at Madras and as disbursement was impossible before the close of the official year, the bill had to be returned.

2. The District Health Officer, has now sent in a revised bill for Rs.745-4-0 being the value of the articles purchased. I have returned it, duly countersigned, for being sent to the payee for encashment at the Accountant-General's Counter as this is an inevitable payment simultaneously -- asking the Director of Public Health to sanction an allotment. The Director of Public Health however, informs me that I should apply for the sanction of Government to incur the expenditure. I therefore request that the Government may be pleased to accord sanction for incurring the expenditure of Rs. 745-4-0 on the purchase of the tarpaulins and allot the necessary funds.

For Collector.

Copy of letter No.17328-1 P.H., dated 15-5-1940 from the Director of Public Health, Madras to the Collector, South Kanara.-Copy sent to the District Health Officer, South Kanara.

Subject:- Plague-Expenditure-sanction sought for.

Reference:- Your letter dated 30-4-40 to Government for the sanction of expenditure for Rs.745-4-0.

Your letter dated 28-2-1940 states that the temporary staff sanctioned was not entertained as it was found not necessary. When the situation did not require the appointment of the staff, the orders placed for materials such as tarpaulins for equipping them could as well have been cancelled, specially when the firms did not supply the articles when required. I request the favour of your remarks on the matter.

Copy of letter Ref. 34-2029/40 dated 12th July.1940 from the Collector of South Kanara to the Director of Public Health, Madras.

Subject:- Plague - expenditure - Remarks - Offered.

Ref:- Your letter No.17328-1 P.H., dated 15-5-40.

The District Health Officer explains that though the situation did not require the appointment of the staff, the orders placed for materials such as tarpaulins were not cancelled as on the date on which the order was placed, there was need for them. They were required not only for the then existing needs, but also for future use immediately, if an emergency arose again, This explanation of the District Health Officer may be accepted.
